

Prepared Exclusively For SnowCo Services

Illinois: March 7th, 2025

Mix of Wet Snow and Rain March 7th

Start: 8 - 9:30 AM March 7th **End:** 5 - 7 PM March 7th

Initial light precipitation consisting of a mix of rain and snow first arrived 8 - 9:30 AM March 7th. The mix turned steadier through the morning, even heavy for a time between 10 AM - 2 PM. In this heavier intensity, the mix was able to become mostly wet snow for a time with minor accumulations on grass and colder surfaces. Temperatures ranged between 34 - 36 degrees. Activity lightened after 2 PM and became mostly rain, fully exiting 5 - 7 PM.
